

GVO NEWS AND UPDATES

Transforming Governance practices and processes

Use this page to find out more about the features available to you and your Board - ensuring you are using GVO to save time, reduce stress and improve the quality of Governance.

Topics include the following, and will appear on your GVO Homepage and on the menus on the right hand side:

- Termly Focus Areas
- Regular Compliance Updates
- Details of forthcoming Webinars
- Details of GVO services and support

Evidence based collaboration, questioning and approvals allow Governors to attend meetings well prepared, and ready to focus on the most strategic items, and those matters which have the greatest impact. Ensure everyone stays up to date, with live notifications and secure, bespoke, access to the information they need.

Not only does the Governors' Virtual Office (GVO) ensure that Governing Bodies are working in an effective and strategic way, but the compliance tools take the stress out of the central administrative functions – including Policy Management, Board Records, Meeting Attendance Records and Training and Compliance Records, all available for analysis, publication and reporting at the click of a button.

Ongoing Support is available for all GVO users.

Call 01273 921066 or email support@thegvoffice.com for any help or training requirements.
